WELCOME

AT RESTAURANT D' SWARTE WALVIS

This is the information folder of Restaurant-Brasserie de Hoop op d'Swarte Walvis. As you will notice in this article, we are much more than just a Restaurant & Brasserie. The location is unique, in the middle of the Zaanse Schans. The buildings are historic as well as the furnishings and decoration. In addition, we offer various halls, rooms and terraces, eight in total. But we are also unique in terms of facilities, which, partly in view of the location on the Zaanse Schans, located on the beautiful Zaan, offers an extra dimension.

Finally, we now have 50 years of experience in receiving and entertaining our guests, in all imaginable variations. In short, we offer much more than meets the eye. Feel free to contact us for further information or visit our website (www.dewalvis.nl). We are happy to make a suitable proposal for you and treat you to a hospitable reception.

STRUCTURE OF THIS FOLDER

This information folder informs you briefly and concisely about the various possibilities of the Swarte Walvis. But there is always more to offer and to choose from than what fits in this folder, for example our seasonal menus. What distinguishes us from others is the enormous diversity, all in a very authentic atmosphere. We also want to inform you about the quality standard as well as about the various additional options on and around the Zaanse Schans. This information folder offers a good example, but we are happy to arrange your lunch/dinner or meeting according to your wishes.
